**What Is A Native, Straight Species Plant Broker?**

We source (and grow) native, straight species plants that are native to the Virginia Coastal Plain.

We do not source cultivars or nativars. We source from a variety of regional growers.

**Our prices include delivery to job sites in the NNK/Middle Peninsula.** Areas beyond may incur delivery charge.

*Please contact us for a list of marsh/swamp/wetland restoration plants such as *Spartina alterniflora* and others.*
